Helping Families Make Connections

**Child Find/Child Serve is a
Free Referral and Information
Service**

Child Find / Child Serve

36ml

Do you know a child or student between the ages of birth through 21 who shows signs of developmental delays, on-going learning problems, behavioral or medical problems that interfere with learning? Do you suspect the presence of a disability?

Child Find can help you and your family make connections to services in the community or your local school district.

36ml

Every child has the right to equal education in the state of Texas. Don't let your child be left behind in his /her attempts to be successful.

The following information will explain the areas that a child may need assistance and how to make a referral.

What is ECI?

Early Childhood Intervention (ECI) serves children, birth to age 3, with disabilities or delays. ECI teaches families how to help their children reach their potential through education and therapy services. There are 2 programs that serve the children in the Rio Grande Valley.

ECI services could include:

- Screenings and assessments, including hearing and vision
- Physical, occupational, speech and language therapy
- Consultation with therapists
- Activities to develop learning and eating skills
- Activities to help social and emotional development
 - Assistive technology
 - Case management
- Moving on to school or other services as needed at age 3 or when graduating from the program
 - Nutritional services
- Supporting child care or preschool teachers of enrolled children
 - Home visits to develop plans

Families Making Connections
