

Setting up you Parent Portal Access

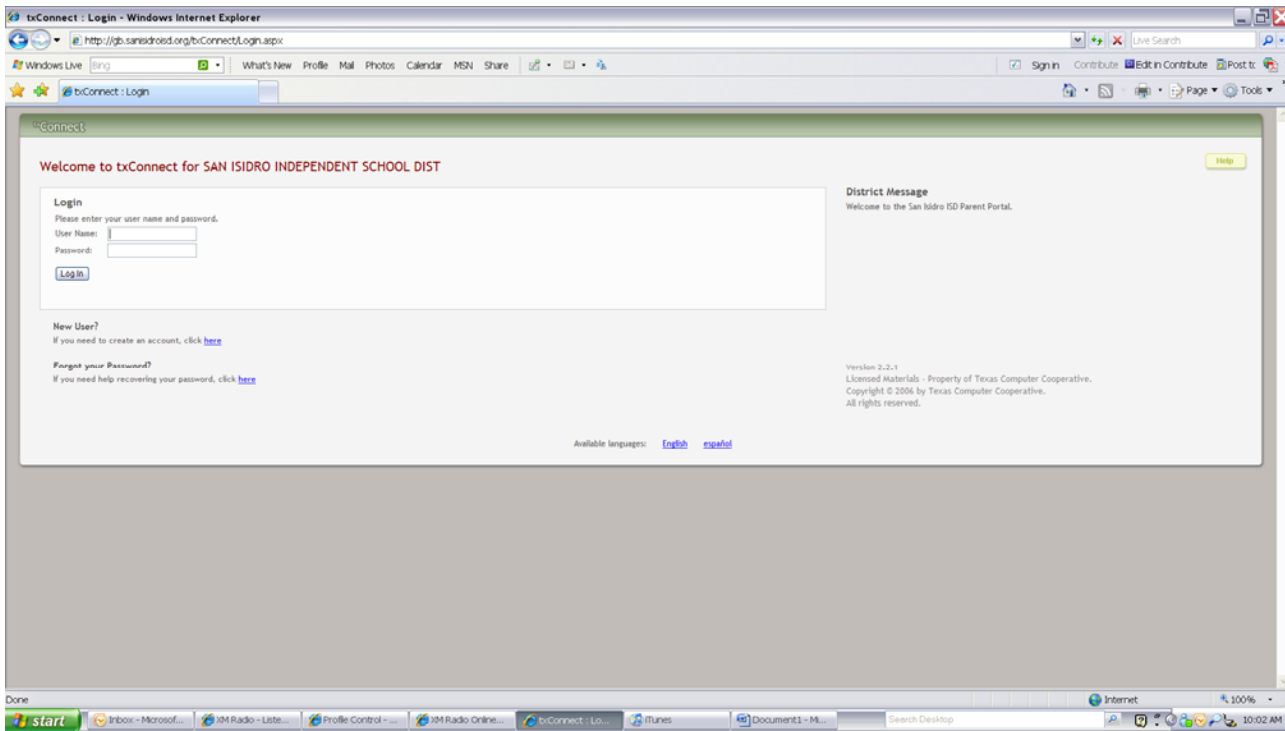

1. Open up your web browser to San Isidro's web page at www.sanisidroisd.org Click on the icon at the top right corner titled "parent portal"

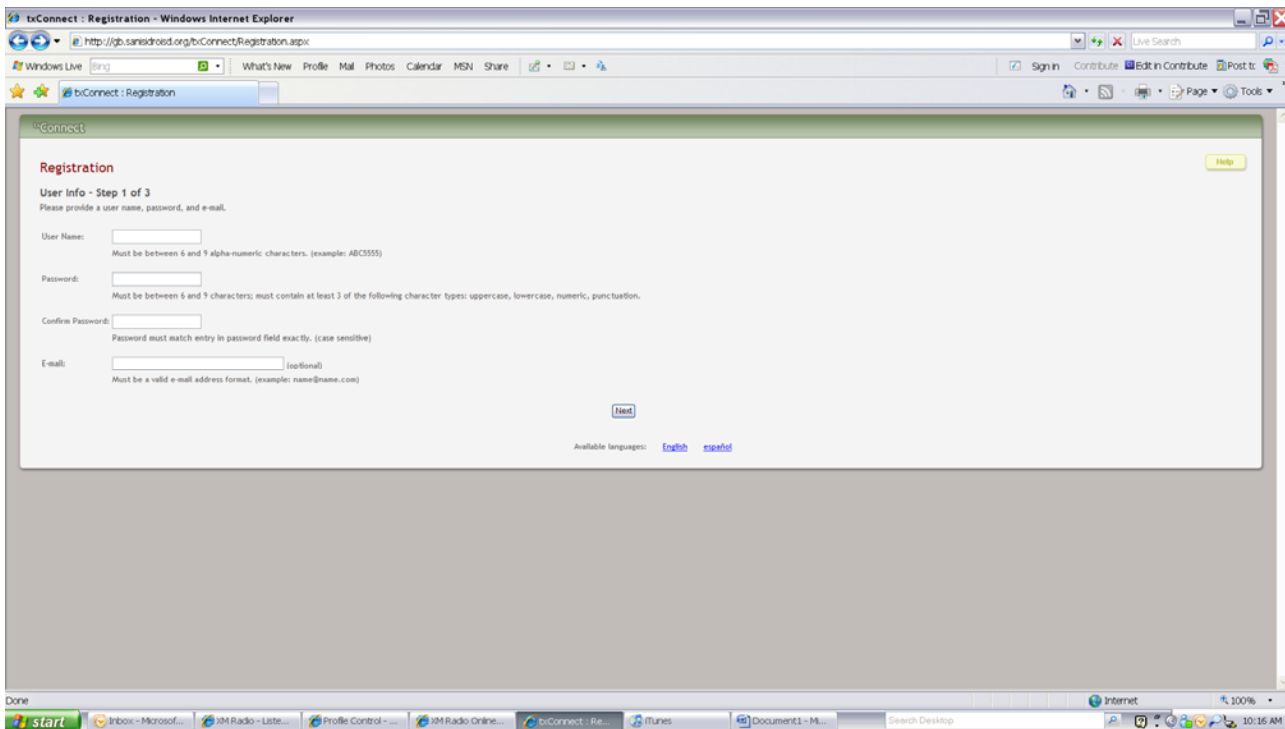

2. Click on the link which reads: TxConnect

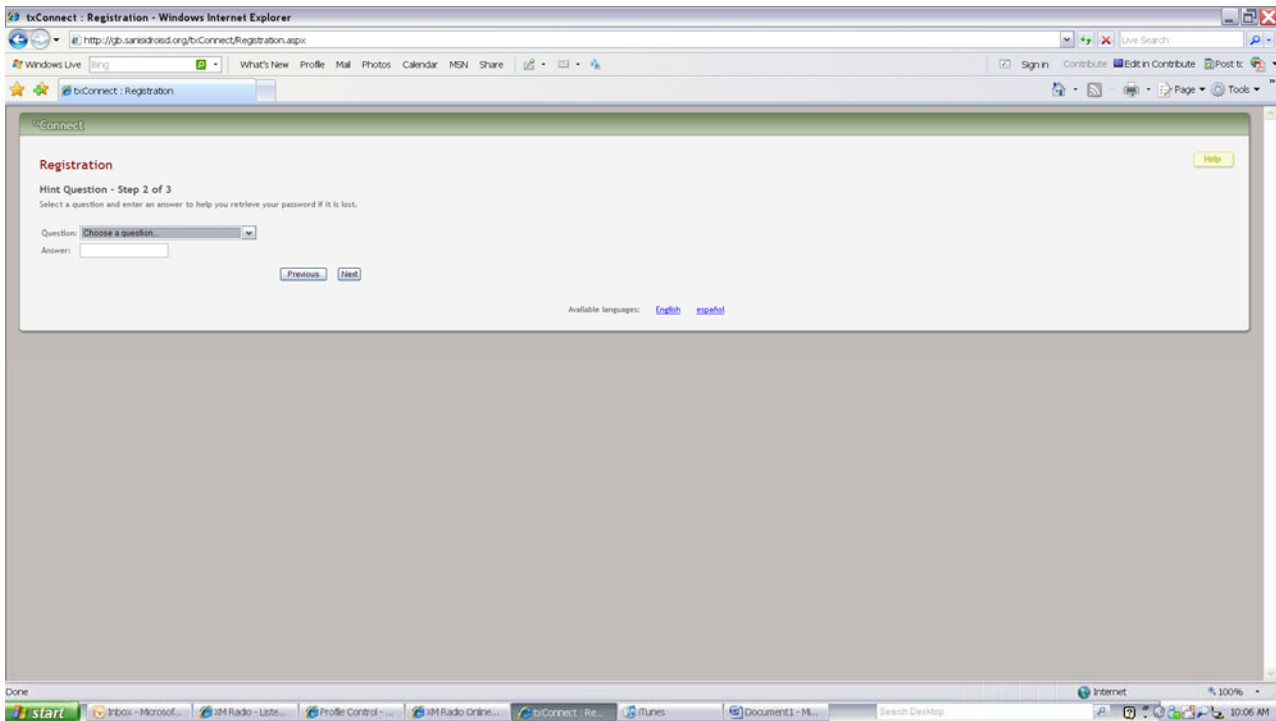

3. Select “new user” on the txConnect screen to begin the process of setting up access to your child’s grades.

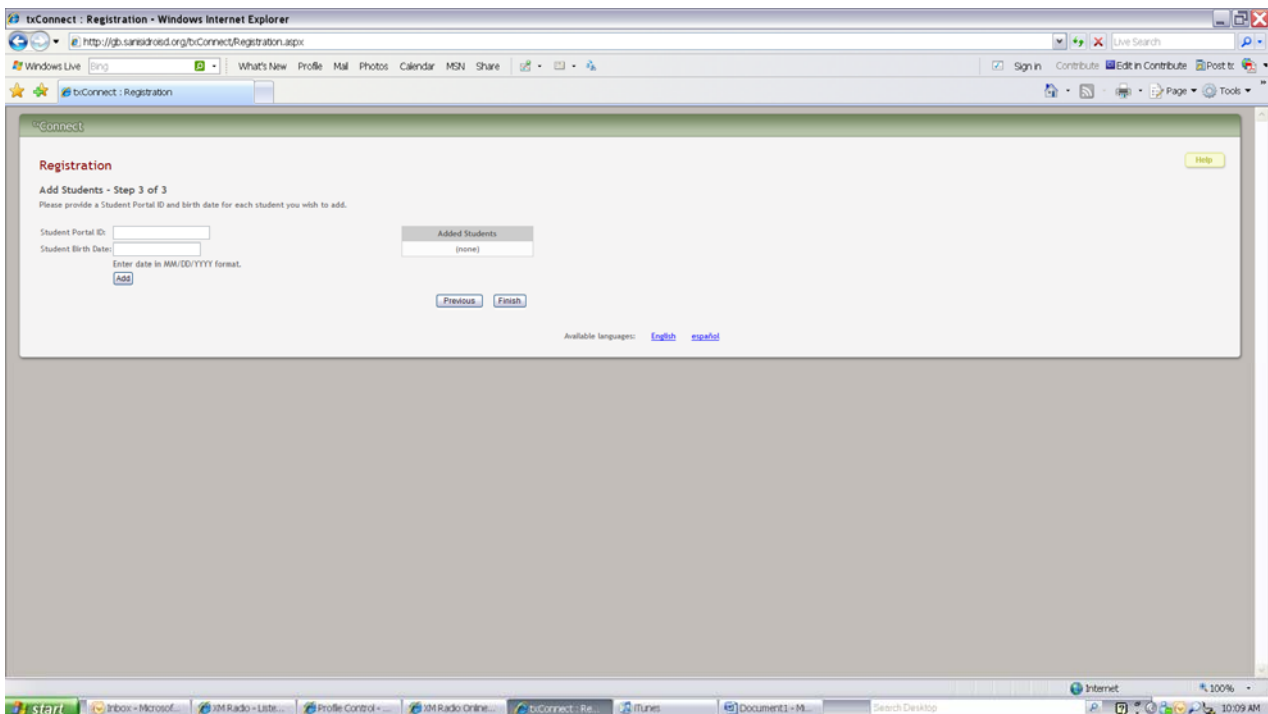

4. Create username and password on the registration screen.

5. Choose hint question and answer in step 2 in order to recover password in the event it is lost

6. Enter Portal IDs for each of your children and click the add button. When all of your children are added to the box on the right click the finish button to begin reviewing grades and assignments. (Call the school office @ 956-481-3110 to get Portal ID's for your kids)

7. Any time you need to login after the initial setup, go to the txConnect screen and use the username and password which you created.
